Please be sure to read the terms and conditions carefully and agree to them.

Please note:

We will not refund for your GE/SU license for any reason.

When you reach your support limit, you will not be able to use our phone service.

Please be aware a instant response over the phone will not always be possible.

Your inquiries will be automatically removed unless you reply back to us within 48 hours after our response.

The fee for your license may be changed.

When you reach your GE support limit but you need our support, you will have to wait until you can use it again or upgrade your license.

Each license costs the full amount; there is no credit for existing licenses and the balance cannot be transferred ie a GE license must be used up fully, you cannot use it as part-payment for another license.

On rare occasions we may experience technical difficulties, these will be rectified as soon as possible.

Terms and conditions are subject to change without notice.
